

JobRunner / FloorManager

Hardware System Requirements

Workstation System Requirements:

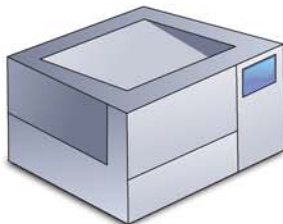

- ▶ Intel Compatible Personal Computer with a minimum of a P4 processor, 512MB Ram, 60GB Hard Drive, 512K Cache, CD-ROM and Windows 2000 (Service Pack 4) Windows XP Professional Edition (Service Pack 2), or Windows Vista.
- ▶ 100BT Ethernet card or faster
(Pacific Solutions does not support wireless networks)
- ▶ Monitors running at a resolution of 1024x768
- ▶ Virus Protection Software
(Pacific Solutions Recommends Norton Anti-virus)

Contact Pacific Solutions for
Multi-Location / Wide Area Network
Configuration Requirements.

Server System Requirements:

- ▶ Windows Server 2008 or Windows 2003 Server Standard Edition SP1 or Windows 2000 Server SP4 or Windows XP Professional SP2 (Economy)
- ▶ 2Ghz Microprocessor or Faster
- ▶ 4GB of RAM
- ▶ 10GB of Available Hard Drive Space partitioned to the C Drive
- ▶ 10/100 BT Ethernet Card (Pacific Solutions does not support wireless networks.)
- ▶ Mirrored Hard Drives are recommended (Raid 1 or Raid 5)
- ▶ Sony AIT or DAT Tape Backup Drive. Symantec Backup Exec Software.
- ▶ Symantec Endpoint Virus Protection (Formerly Nortons' Symantec CE)

Printers and Networking:

- ▶ A Hewlett Packard ink-jet or laser printer. The ink jet cartridges and toner for HP are available at nearly every office supply making them very convenient. Their printers are also very durable. The printer needs the capability of being used in a network environment.
- ▶ All of the necessary cables for the above equipment. A quality/economical Ethernet hub, with a minimum of 8 ports. 100 BT Minimum, and Category 5 Ethernet cables or Faster. (Between each computer or printer and the hub)
- ▶ Microsoft TCP-IP Networking Protocols
- ▶ You Must have Cable or DSL High Speed internet connection to the server and Workstations for Software Maintenance.

We recommend name brand equipment designed for business use with 3-year extended on-sight warranties.

You will need a local network administrator who is certified in Microsoft Small Business Networking. Although Pacific Solutions will be more than happy to interact with your network administrator, Pacific Solutions does not provide network troubleshooting or services.

Conforming to your business to make life easier...
